We are excited to announce that the call for 2 Editors for our upcoming National Session in the year 2021 is open! Please note that we are specifically looking for a Co-editing pair meaning we will only be able to accept Applications who fit that description.

This year, EYP Austrias **four-day National Session** will take place in **Vienna** (28-31 May for Delegates).

Please note that the dates indicated above are the session dates for Delegates; Officials will be expected to arrive one day prior to the session for Officials' Teambuilding and Training.

Editors

The Editors of a session lead the Media Team and have creative as well as executive leadership over the team's output at a session. The Editors and their team heavily influence the outcome as well as the spirit of a session, which is why we are looking for experienced and determined applicants with a strong vision and drive. The Editors have the incredible opportunity to influence sessions to their very core, be part of the senior leadership, implement their idea of an ideal session and gain valuable leadership experience through the work with their team.

Don't miss your chance to introduce a new generation of Austrian students to the world of EYP! For more information on the sessions, please refer to the Session Overview below. Detailed information on the application and selection process can be found at the end of this document.

We are very much looking forward to your applications and cannot wait to welcome you to Austria soon!

Session Overview

National Session Vienna 2021

Location: Vienna

Session dates: 28 - 31 May 2021

Head-Organiser: Marvin Huber

Topic: "Pathway to EU 2.0: A race between innovation and natural limitations"

This National Session will be a great opportunity to shine a light on a topic which surrounds us all on a daily basis - the race between innovation and natural limitations. With this topic we hope to address issues such as increasing urban population, constantly changing technologies and the usage of the limited space available for housing without affecting agriculture. I am more than looking forward to shaping the session's vision and goals according to your ideas and plans for Europe's future and to work side by side with you in the leadership.

As this session has been postponed some of the media team members have already been selected but apart from that we are very much looking forward to your input and to establish the needed creative freedom on your side to realise the session media experience in the way you want! We especially would like to encourage a leadership pair to apply for this position as we feel like this would foster the group dynamic. With all that being said we sincerely hope that you apply and help us to realise this session!

All the best,
Marvin
